Kwanlin Dün First Nation's Field of Dreams

Kwanlin Dün First Nation first announced in April that Jays Care Foundation's Field of Dreams program had awarded a grant of \$53,505 to help refurbish the baseball diamond in McIntyre.

Since then, the following upgrades have been made to the McIntyre field:

- Resurfaced ball field
- Fence upgrades and reconfiguration
- New backstop
- Two portable washrooms
- Painted bleachers

An equipment storage shed, batting cage, pitching machine and additional bleachers will also soon be on site.

Today, Kwanlin Dün First Nation celebrates Jays Care Foundation's investment in our community infrastructure.

Today is also a celebration of Yukon Rookie League youth coaches and participants as they wind up their program with a celebratory tournament. The Yukon Rookie League is a separate Jays Care Foundation initiative championed by the Yukon Child and Youth Advocate Office.
