

Housing & Infrastructure

Safe, affordable, energy efficient housing is the foundation of wellness. I will push for accelerated housing solutions, innovative funding, and long-term planning that serves future generations.

Transparent & Strong Governance

Citizens deserve clear communication and accountable leadership. I support open decision-making, accessible leadership, and respect for our Constitution and laws.

Culture, Language & Identity

Our language, culture, and traditions are our strength. I will champion cultural programs, land-based learning, and supports for our culture carriers and knowledge keepers.

Thank you for your trust.

WHAT I STAND FOR

LAND STEWARDSHIP & RIGHTS

Our land, water, and wildlife are our most valuable resources and they are our sacred responsibility to protect. I will defend our Settlement Lands, strengthen co-management, and ensure development happens on our terms, with real benefits for citizens.

I have worked as an environmental monitor, and I am an avid hunter and fisherman. I bring experience and passion for environmental protection and conservation.

FOOD SUSTAINABILITY

I believe in growing and maintaining our own healthy, organic food sources for our citizens, for the health and security of our nation. I have worked on the KDFN farm and firmly believe in the importance of this project. I see its success and potential for growth.

ELECTION DAY

MARCH 18, 2026
9 a.m. – 7 p.m. at
Nàkwät'à Kù Potlatch House

ABOUT ME

Aat'ée. My name is Buck Gilson, and I am a proud citizen of Kwanlin Dün First Nation.

I am running for Council because I believe leadership means showing up, listening deeply, and doing the hard work needed to strengthen our Nation.

My life has been shaped by community, culture, and responsibility to one another. I bring those values—respect, accountability, and service—to everything I do.

YOUTH & ELDER

Our youth are leaders today as well as in the future. Our Elders are our teachers and guides. I will work to ensure both are respected, supported, and heard in decision-making

ECONOMIC STRENGTH

Self-governance requires investing in economic opportunities. I support citizen-owned businesses, preferential hiring, and sustainable development that aligns with KDFN values.

**COMMUNITY WELLNESS
& HEALING**

I am a strong advocate for men's mental, emotional, and spiritual health.

I am actively involved in the Men's Group at Uncle's House in Kwanlin Dün. I believe when we support men in healing, accountability, and connection, entire families and communities grow stronger. Healing is compassionate leadership.

CALL TO ACTION

I am committed to being a councillor who is present, approachable, and accountable. This campaign is about you - your voice, your family, your future.
