

My name is Charlene Charlie,

Why I am running,

Because our people need a Strong Voice at the table.

I have always voiced myself in a positive way.

Lets make our community as one again

Lets empower our people

Lets work together to make our community strong

Our People is what make Kwanlin Dun, not anyone else

We need to empower our

PEOPLE FIRST.....

Major issues in our community

Policies- we need to draw down legislation and policies, suitable for our people, by this we need to involve the community and listen to the people, when they bring their voice to the table

Language - We are losing our culture and Language, WE need to invest in our future or we are going to lose it...We need to keep the Language Program going

I have always spoken up for the people in all terms that I have been a council member, we need a strong team in there so we can work together in building up our people again, we were once strong and we can be stronger NOW....

I have always been a positive voice for our people, always speaking up and asking questions....

I have always brought people's concerns forward and always followed up to make sure that concerns were addressed.

**LET ME CONTINUE TO BE YOUR VOICE, TOGETHER WE CAN
MAKE A DIFFERENCE**
