

Key Priorities

- On Community Safety and Collaboration - safe communities are strong communities. I believe that real safety comes from listening to our people and working together to find solutions that reflect our values. Strong partnerships matter. The Yukon Government must strengthen its working relations with First Nations governments so we can better protect our citizens and build healthier communities for everyone.
- Youth and Future Leadership - Our youth are not just the future - that are our responsibility of today. We need fresh thinking and a renewed approach that supports their growth, leadership, and success. The challenges facing our young people are urgent, and we need a government that recognizes this urgency and is prepared to take meaningful action.

**Raymond Sydney
for Councillor**

Who I am

My name is Raymond Sydney, and I am honoured to ask for your continued support to represent Kwanlin Dün citizens on Council.

I am a citizen and beneficiary of Kwanlin Dün First Nation. I have lived and raised my family on our beautiful traditional territory. I am proud to be a part of the Wolf Clan and remain a strong believer and supporter of our culture, traditions and language.

I have always been a strong advocate for KDFN families. I worked with KDFN as a Family Support Worker, helping to keep families together and supported. I was also appointed to the Advisory Committee for the Child and Family Services Act Review, where I made recommendations to improve the system and create better outcomes for First Nation children, families, and communities.

Why I am running...

I am running again to continue the work we have started. As part of the current Chief and Council, I know there is more I can contribute. Our work is not finished.

Our community needs strong leadership and a clear vision. We need leaders who work hard, listen to the people, and remain accountable. I am committed to serving to the best of my ability and to protecting the rights and benefits of our citizens.

Vision

A Kwanlin Dün First Nation where our families stay together, our businesses grow, and our citizens are trained and ready to lead - today and for the next generation.

Key Priorities

- Emergency Travel Support Funding - for citizens and their spouses or children who must travel for medical treatment
- Supporting and encouraging KDFN businesses
- Mentorship and training programs to prepare citizens for higher-level positions
- A Five-Year Community Capacity Development Plan to prepare citizens for future employment opportunities with KDFN and other Yukon employers
