KWANLIN DÜN FIRST NATION

ORDER IN COUNCIL

ORDER IN COUNCIL TITLE:

SUPPORT FOR CANNOR PROPOSAL AND DELEGATION OF AUTHORITY

THE COUNCIL ORDERS THAT:

1. Kwanlin Dün First Nation Council supports the Champagne & Aishihik First Nation CanNor Proposal (the "Proposal") to secure monies to facilitate the development of a Memorandum of Understanding (the "MOU") initially with Ta'an Kwäch'än Council, Carcross/Tagish First Nation, the First Nation of Nacho Nyäk Dün and the Kwanlin Dün First Nations on the following conditions:
    a. Kwanlin Dün First Nation's support for the Proposal does not risk Kwanlin Dün First Nation Economic Development and Heritage Lands and Resources' access to the CanNor monies through the Strategic Partnership (2025-2029) for the continued development of a Kwanlin Dün First Nation Energy Strategy (2025-2026) and a proposed "hydro nations" workplan to advance a larger Yukon First Nation Energy Strategy with all Yukon First Nations (2026-2029), pending confirmation from Canada;
    b. Kwanlin Dün First Nation's participation be limited to engaging in the initial discussions between January – May 2026 to determine whether an MOU and the Proposal business model can serve Kwanlin Dün First Nation's energy interests in a coordinated and focused approach and does not create additional processes that can affect or limit current processes such at the Principals' Table under the Relationship Agreement (one of the four Energy Agreements), subject to financial resources being available to offset Kwanlin Dün First Nation's costs;
    c. The Champagne & Aishihik First Nation proposed approach does not seek to address or eclipse Kwanlin Dün First Nation's historical reconciliation interests with Canada;
    d. The development of an MOU on Major Projects, and in particular on the proposed Yukon-BC Grid should be extended to all Yukon First Nations, directly or through the Chiefs Committee on Energy, yet to be confirmed by Champagne & Aishihik in writing; and
    e. Kwanlin Dün First Nation's participation, by way of a representative of the proposed working group and internal technical analysis be funded by the Proposal and proposed budget.

2. The Executive Council Office be the lead department on these matters and provide an update as discussions progress and when the department requires feedback or a decision, between the period of January 15, 2026 and May 31, 2026.
